MyCAF Profile: Confidence

Your top 3 attributes are:

- Storytelling
- Communication
- Connectivity

MyCAF Profile: Relevance

Your top 3 attributes are:

- Proactivity
- Self-efficacy
- Connectivity

MyCAF Profile: Reflection

Your reflective statement:

When I was ranking the each categories, I thought about what I immediately had in mind. I ranked 'Storytelling' as the top priority in both confidence and relevance sections. For me, I tend to consider first about the storytelling aspect when starting a project, as it's an easier way to process my mind. Naturally I associate 'Communication' 'Connectivity and following top elements; I felt when it comes to narrative, the ability to tell publicly to the audience and

build network built and develop beyond storytelling. Although I changed specific ranking on both sections since I'm more comfortable with communication.

The lowest skill sets I've had chosen were 'Agility' and 'Enterprise', I'm not indicating that these two assets aren't important in my practice but they're not what I'd consider straight away but more aftermath consideration. With agility, I recognise as an ability I need to improve on as I can be lenient in sticking to plan rather than to adapt to unexpected changes.

Where do I want to be?

Creative Attribute 1

I'd like to continue to contribute my creative asset to my DPS Placement provider.

- Complete the ongoing projects and from which I'll enhance my communication as well as providing a connectivity between my placement and the target audience.
- Take note on the process in organising in events such as workshops and competitions, it could support my future projects.
- I'll further discuss this with my provider and my tutors.

Creative Attribute 2

Alongside that, I'll be working on my own projects for further developing portfolio and make artistic progress.

- Expand my knowledge on my interests from research
- Consistent updates on my social media to reach out to my potential audience
- Challenge myself engaging with new self initiated tasks
- Open minded in collaboration and creating networks.

Creative Attribute 3

To be completed.
